REPORT

Under the auspice of the esteemed Management and Principal, Dr. M.S. Kurhade, Nature's Club of D.T.S.S. College of Law organized a session on "Rain Water Harvesting" Drive on 12th March, 2022 from 11:00 a.m. – 12:00 noon. There was a maximum participation by the students. Dr. M.S. Kurhade enlightened the students that due to rapid increase in day-to-day demand for water among fast growing human population, there lies a great opportunity of harvesting rainwater to meet the scarcity of water and avoid destruction of the normal groundwater level. The boon of rainwater harvesting is that the unused or extra water can be sent down the aquifer to charge the groundwater level. So, we all should work towards storing the water by capturing and storing rainwater, by rainwater harvesting from rooftop run-offs. Sir, also stated that very soon the institution will install the rainwater harvesting system.

REPORT

Under the auspice of the esteemed Management and Principal, Dr. M.S. Kurhade, Nature's Club of D.T.S.S. College of Law organized a session on "Importance of Growing Plants" on 30th October, 2021 from 11:00 a.m. – 12:00 noon in the Auditorium.

There was a maximum participation by the students. Principal, Dr. M. S. Kurhade enlightened the students that plants provide us with a variety of things to fulfil our daily requirements, including food to eat, air to breathe, clothes to cover our body, wood, medicine, shelter, and many products for human benefit. Plants maintain the atmosphere, so it becomes necessary for us to ensure that we should grow more plants as plants are really important for the planet and for all living things.

REPORT OF ACTIVITIES (2021-2022)

1) E-WASTE MANAGEMENT :

14th December is celebrated as **National Energy Conservation Day**. As a way of celebrating this day in a true sense, the Department of Lifelong Learning & Extension came up with an initiative at the College/Community level to collect maximum E-waste and then hand it over to proper authorities for its safe disposal and recycling. This information was then spread to the masses by the D.L.L.E Students. They tried to convince all to come up for helping in this initiative by collecting all types of Electronic Wastes and getting all possible E-wastes (old chargers, broken or not functioning cell-phones, wires, electronics, batteries, power banks, cds, etc.) from their home or area. The activity was carried out by students for a period of 1 month. 07 kgs of E-Waste was successfully collected by the D.L.L.E Volunteers of D.T.S.S. Feedback Summary of Students who attended First Term Training

The students were highly motivated by the explanation of the Extension Teacher about DLLE, the Projects & DLLE Activities. The Past DLLE members who were present in the Orientation (of Commerce College as well as Law College) shared their experience of working in DLLE and that was one of the factors that put an impact in the minds of the students for participating in DLLE for the year. The students happily wanted to be a part of DLLE looking for the scope that lead to development of their personality and an opportunity to do their part for the benefit of the society. Students clarified their doubts with the teacher, shared their feedback on the training program and a large number of students wished to enroll themselves in the Department. They also shared their concern behind not being able to join all activities by being working professionals but a common solution was provided to them.

A large number of participants were seen interested for the program.
